Create the Future Together

Transforms education through the world's latest standards:

Edufy Publications aligns seamlessly with NEP 2020 and the NCF by replacing rote memorization with competency-based, multidisciplinary courseware. Through activity-driven, burden-free resources, we empower institutions to foster critical thinking, 21st-century skills, and holistic academic excellence.

Vision

To shape confident, compassionate global citizens equipped to navigate, lead, and positively transform the world of tomorrow.

Mission

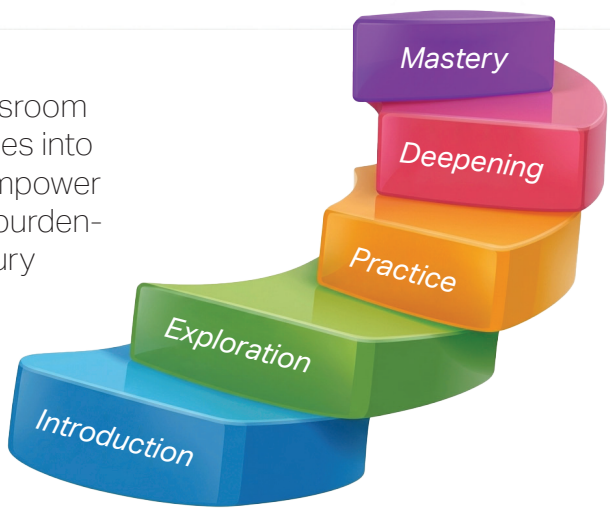

To drive the educational empowerment of all sections of society through a robust secular mindset, fostering critical thinking, moral integrity, and lifelong learning.

NEP 2020

National Curriculum Framework

Edufy Publications bridges national policy and classroom practice by translating NEP 2020 and NCF guidelines into structured, competency-based courseware. We empower institutions to move beyond rote learning through burden-free, activity-driven resources that build 21st-century global skills.

For early learners, our dedicated ECCE resources build vital cognitive, linguistic, and socio-emotional skills through engaging, play-based exploration. By elevating domestic standards alongside 21st-century global competencies, we prepare students to excel in an interconnected world.

Build	Grow	Master
Real Themes	Real Life	Happy Learning

EARLY CHILDHOOD EDUCATION SERIES

Built on a dedicated ECCE framework, Edufy's Kindergarten series transforms foundational learning into an engaging, joyful journey. We enhance learning experience with play-based exploration, story-led concepts, and hands-on activities that spark natural curiosity.

Play & Activity-Based Learning: Interactive workbooks, visual puzzles, and sensory tasks designed for active engagement.

Holistic Development: Fosters core cognitive, language, fine-motor, and socio-emotional milestones.

Seamless Transition: Aligns early learning outcomes directly with NCF guidelines to prepare children effortlessly for primary schooling.

The 5 Flagship KG Series

Pearls and Buds
Character-based learning infused with moral values.

Ivy Kids
Premium curriculum blending academic foundations with life skills.

Twinkle Tots
Play-based foundational learning with integrated phonics and numeracy.

Fun
LKG & UKG integrated thematic program.

Tiny Tales
Engaging storytelling and early literacy concepts.

PRIMARY & MIDDLE SCHOOL CURRICULUM

Through a constructivist framework aligned with NEP 2020 and the NCF, our courseware reimagines learning as an interconnected web of active discovery:

Dazzle Tots

CodeX AI IT Series

TALENTO

- Language serves as the primary tool for curiosity, enabling students to articulate hypotheses, reason logically, and express creative insights.
- EVS & Science cultivate direct experiential inquiry, inspiring learners to observe, experiment with, and make sense of their physical environment.
- Mathematics shifts from rote formulas into a language of spatial reasoning, real-world problem solving, and pattern discovery.
- Social Sciences bridge classroom concepts with lived reality, encouraging critical reflection on community, culture, and global citizenship.

Celebrating India's Linguistic & Cultural Diversity

Edufy Publications brings quality educational resources in 12 languages, making learning inclusive, accessible and meaningful for every learner across India

Where Every Stroke Becomes a Step Towards Confidence

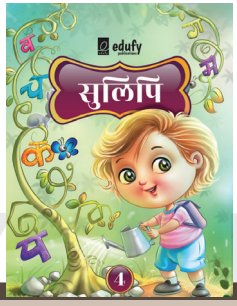

We designed our copybooks to make writing simple, enjoyable, and meaningful. Each page carefully guides children from their first strokes to clear, confident, and expressive handwriting. With structured practice, visual cues, age-appropriate vocabulary, and engaging activities, our copybooks help develop fine-motor skills, letter formation, spacing, pencil control, language, and self-expression turning everyday writing practice into a joyful learning experience.
